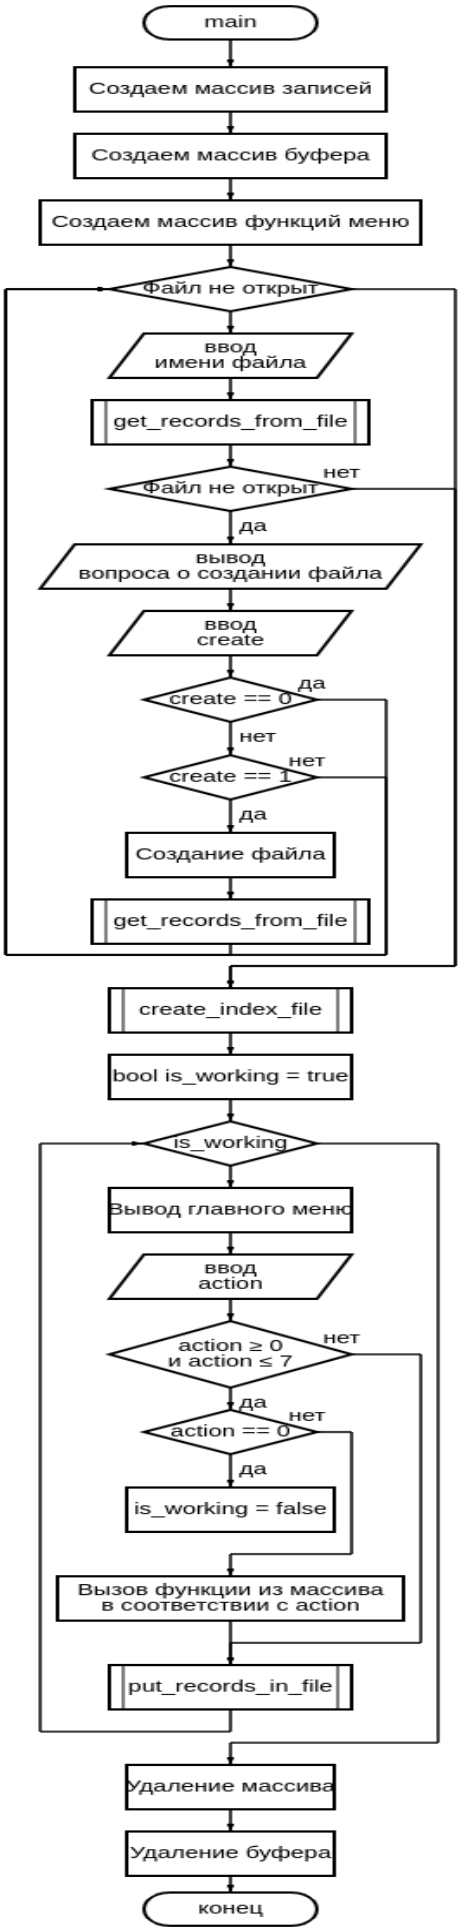
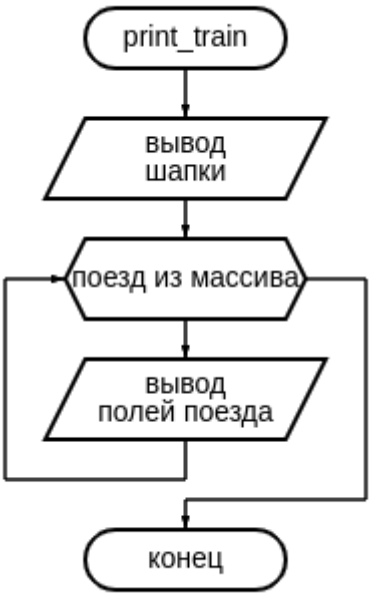
proga.cpp

Фунция main

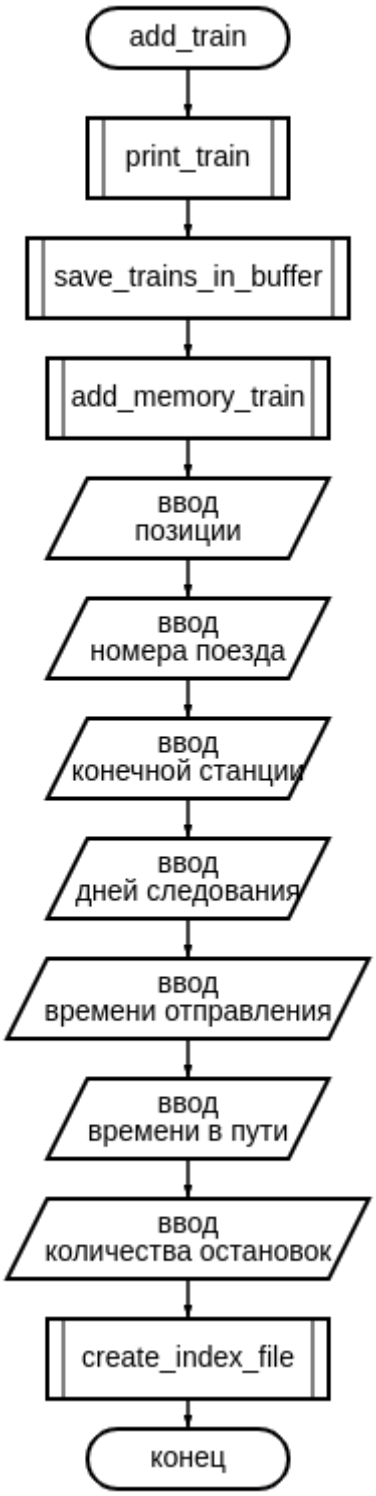


train_func.cpp

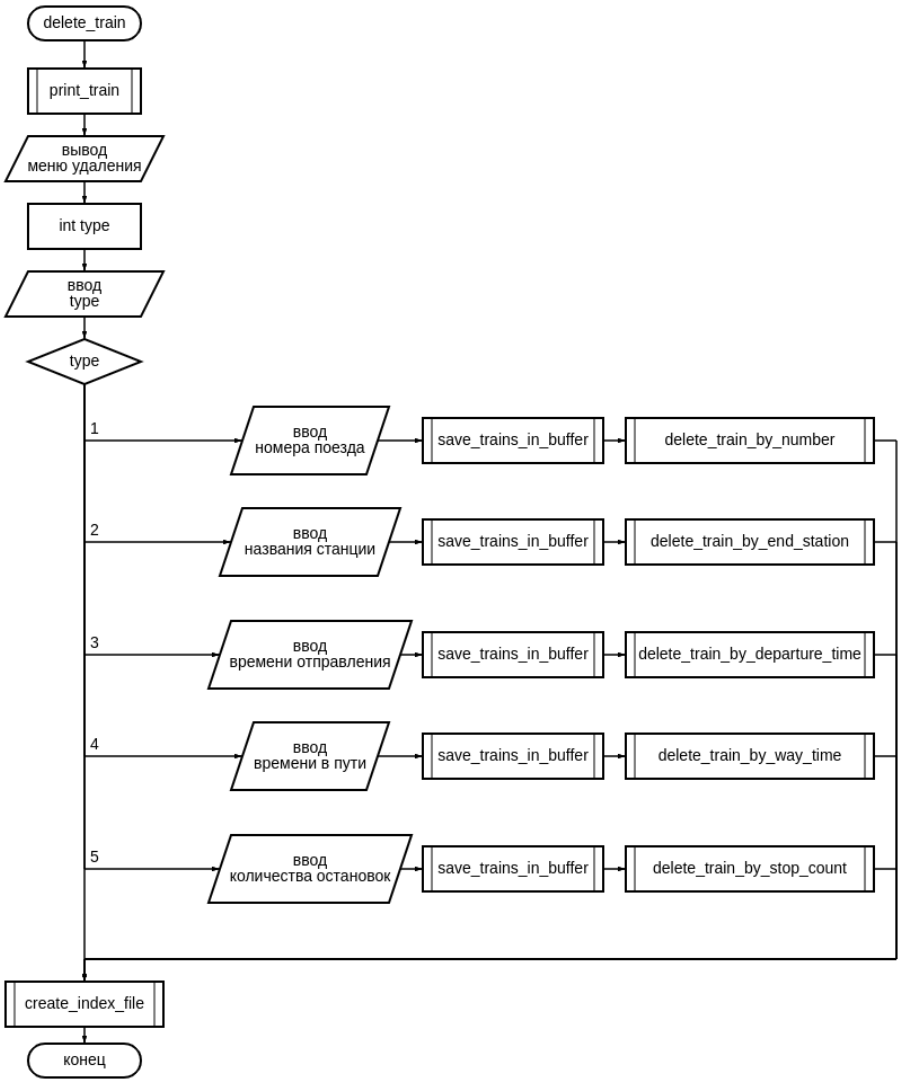
Функция print_train



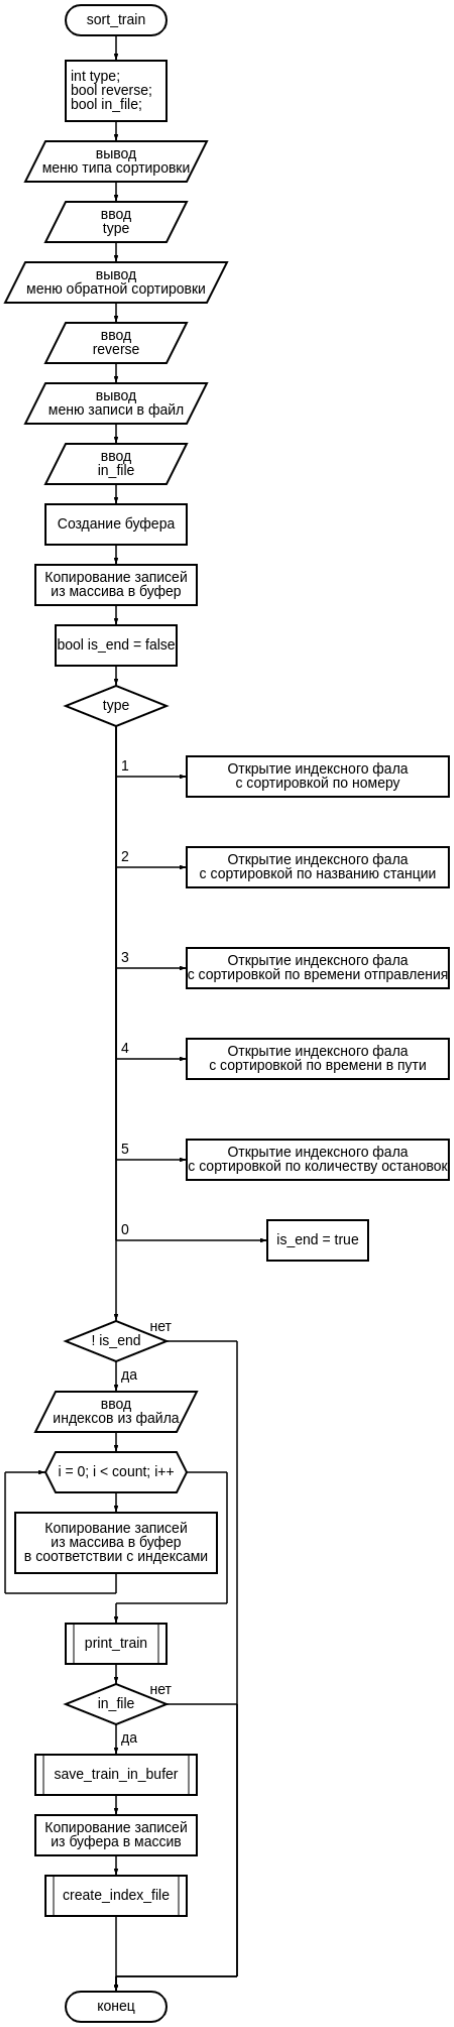
Функция add_train



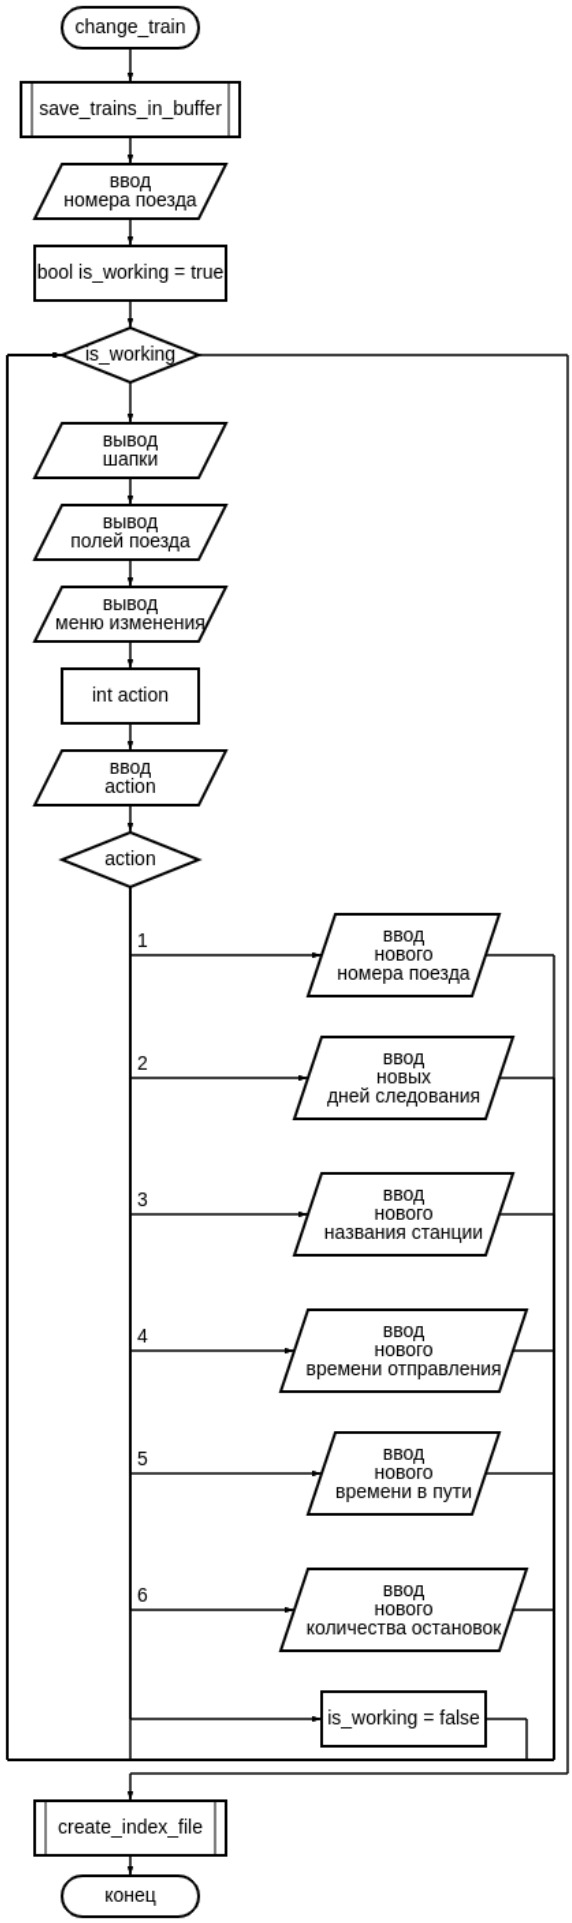
Функция delete_train



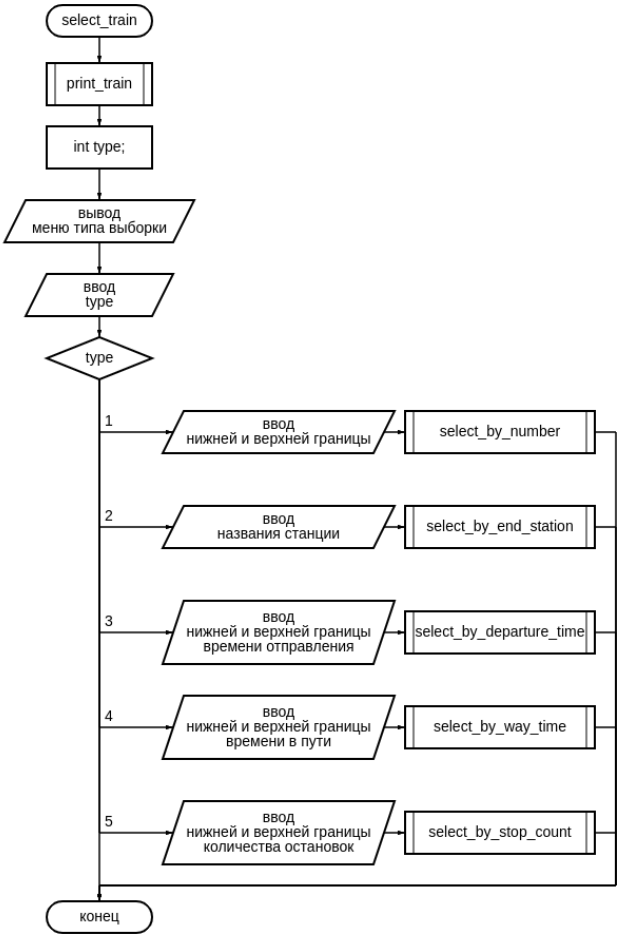
Функция sort_train



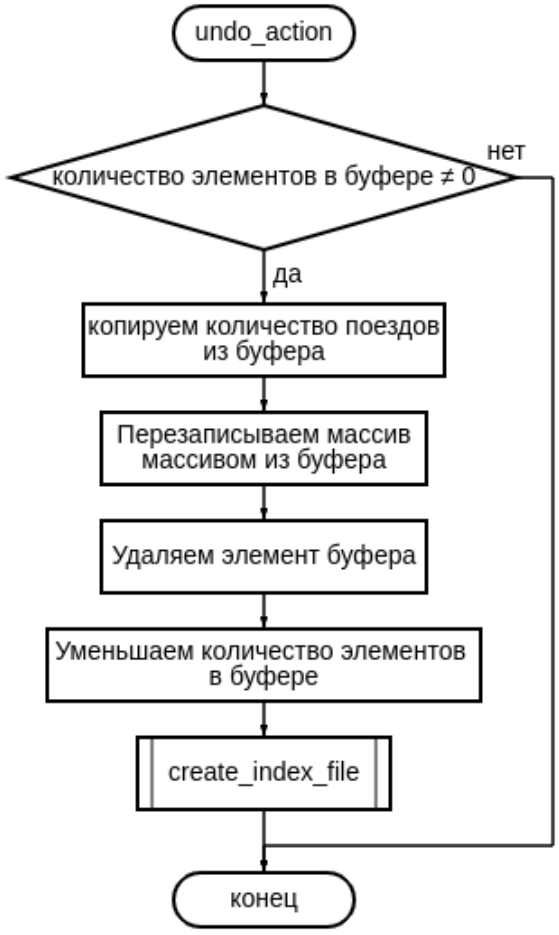
Функция change_train



Функция select_train



Функция undo_train

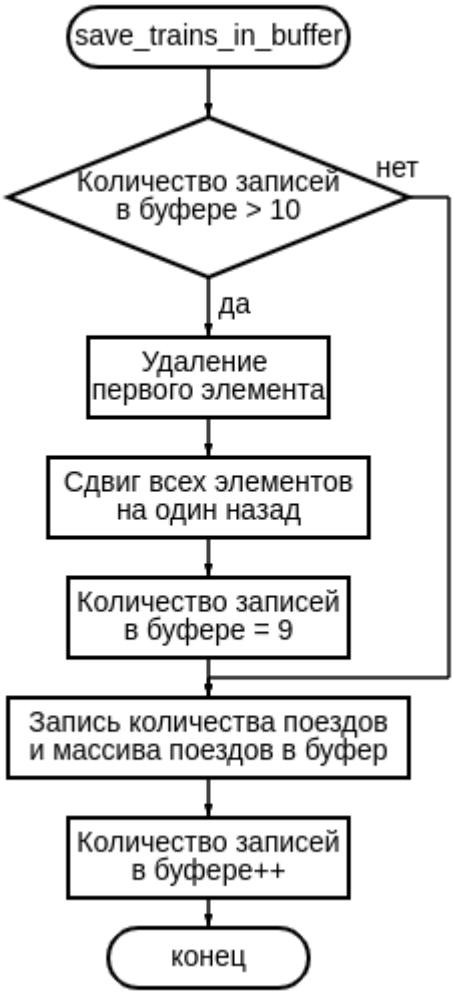


config_func.cpp

Функция add_memory_train

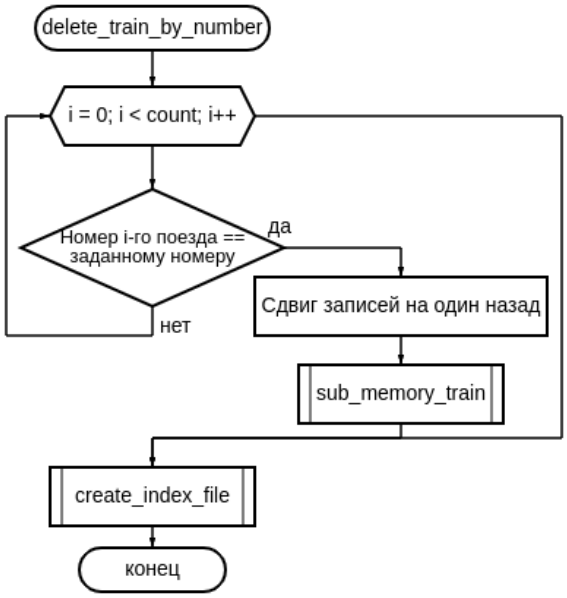
Функция sub_memory_train

Функция save_trains_in_buffer

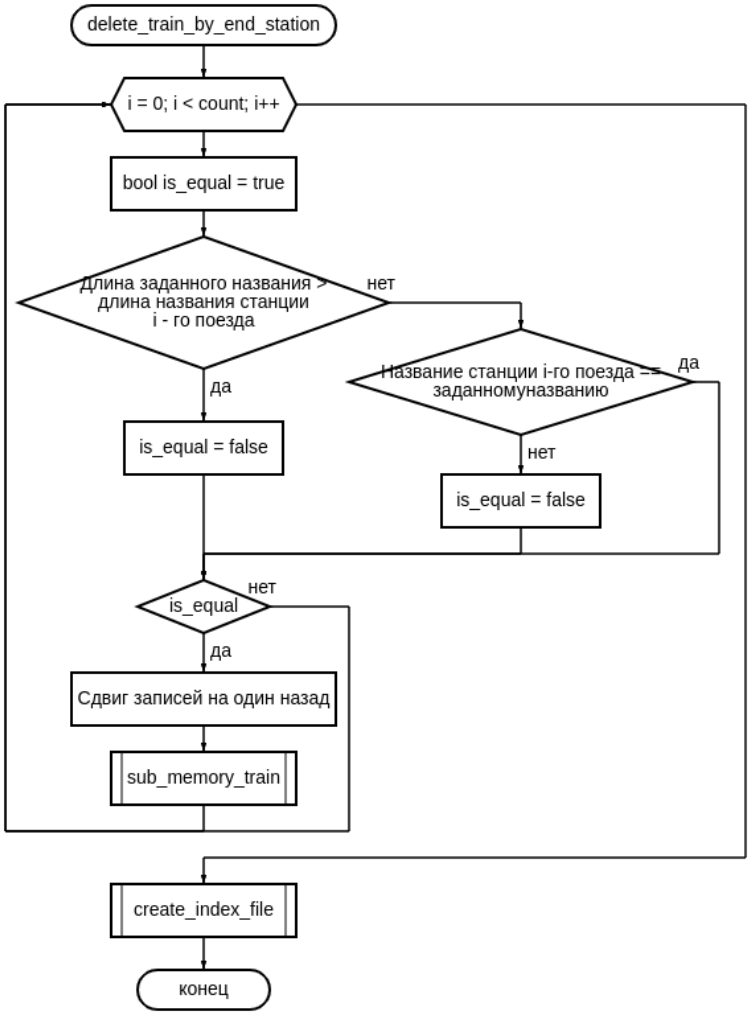


delete_func.cpp

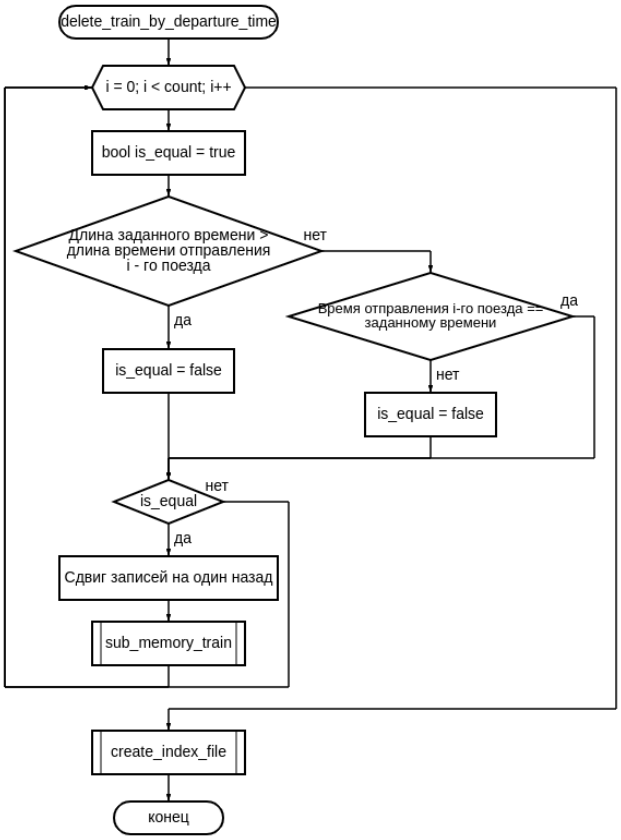
Функция delete_train_by_number



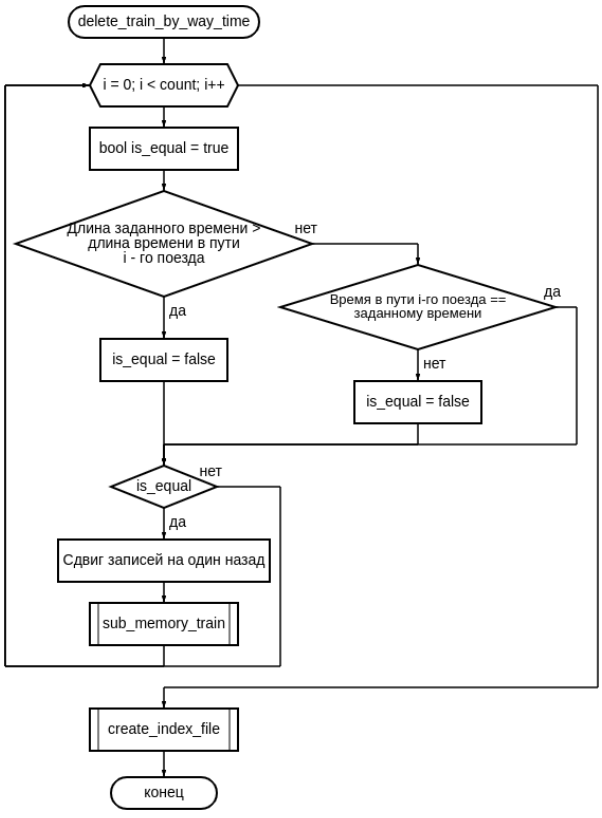
Функция delete_train_by_end_station



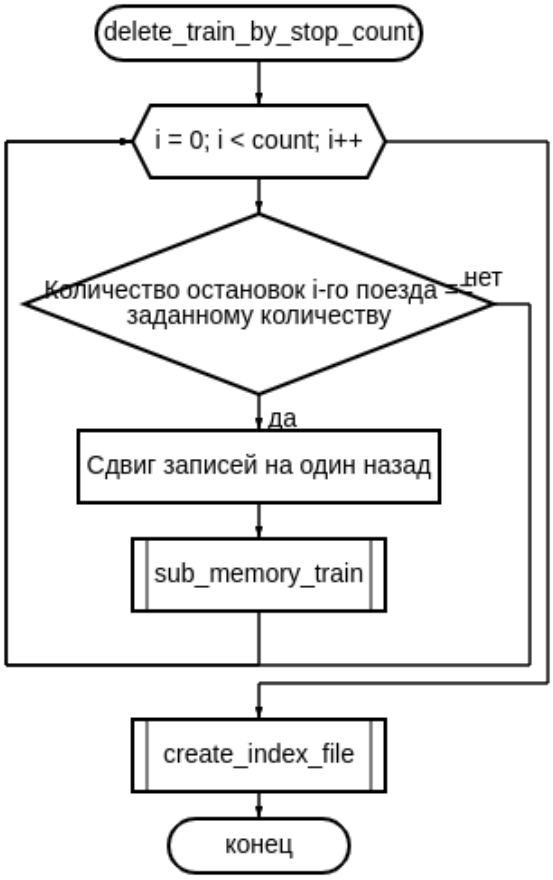
Функция delete_train_by_departure_time



Функция delete_train_by_way_time



Функция delete_train_by_stop_count

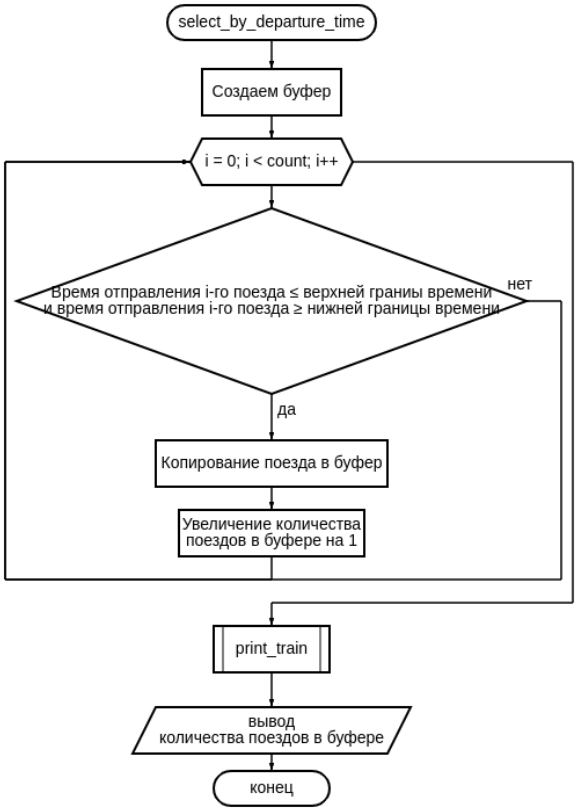


select_func.cpp

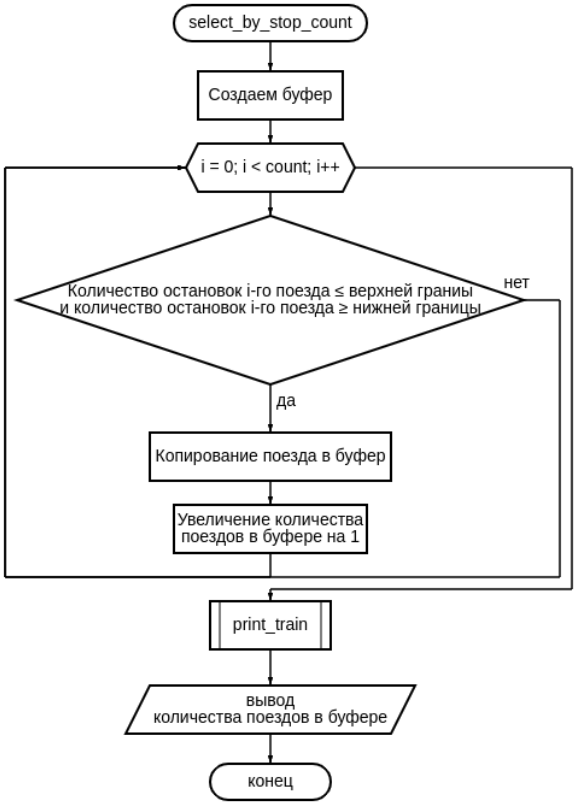
Функция select_by_number

Функция select_by_end_station

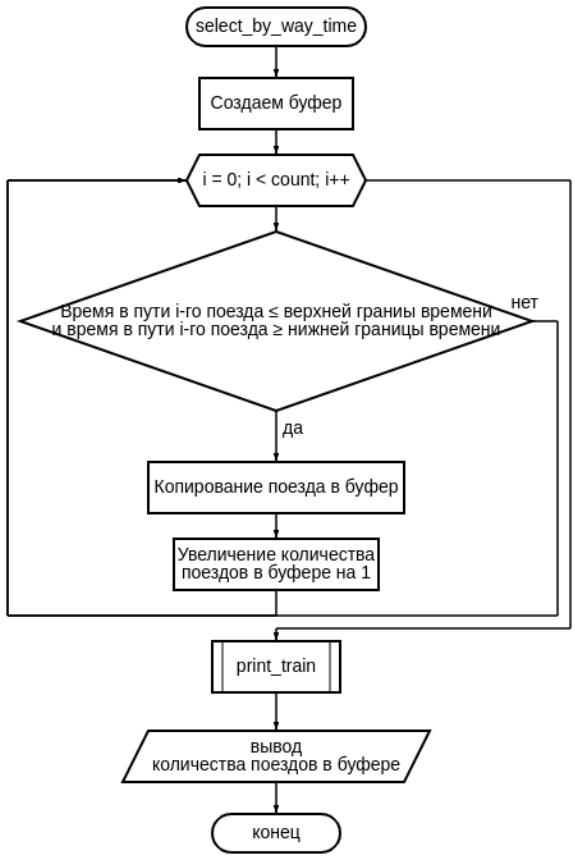
Функция select_by_departure_time



Функция select_by_stop_count



Функция select_by_way_time



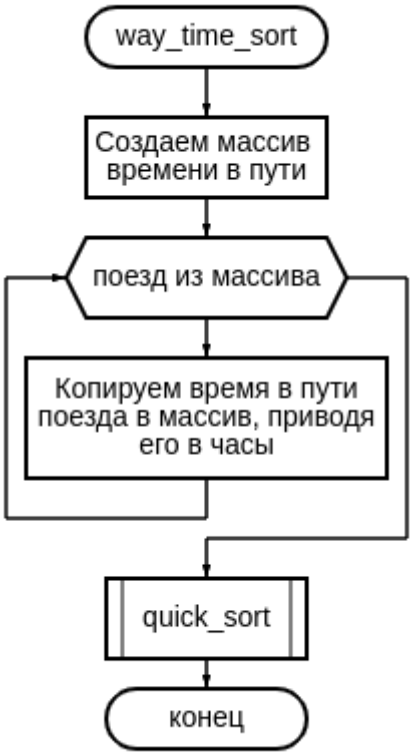
sort_func.cpp

Функция number_sort

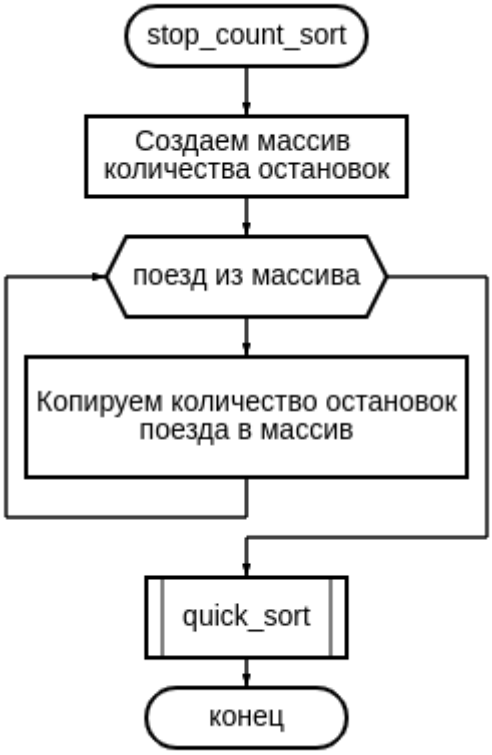
Функция departure_time_sort

Функция end_station_sort

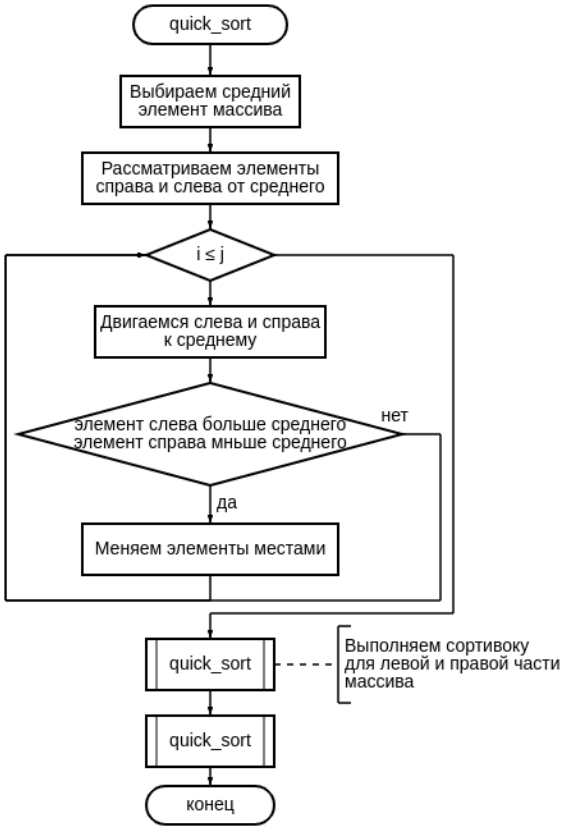
Функция way_time_sort



Функция stop_count_sort

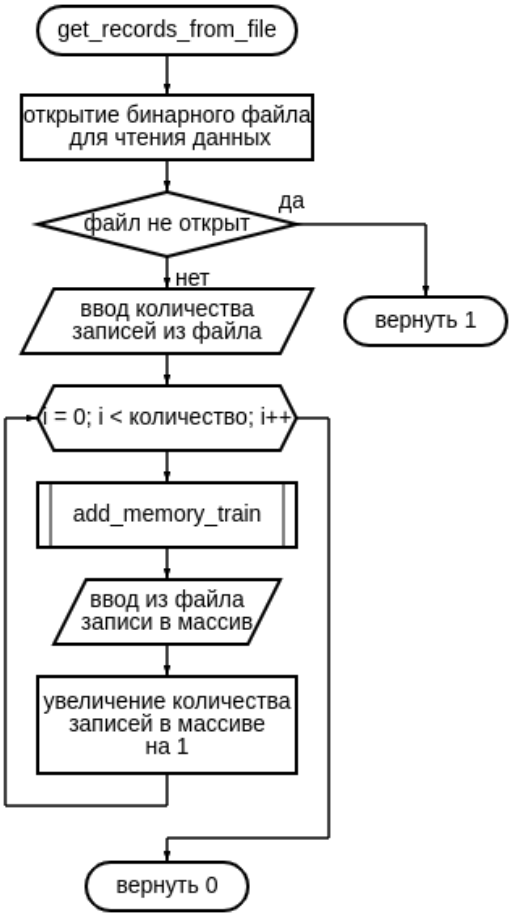


Функция quick_sort

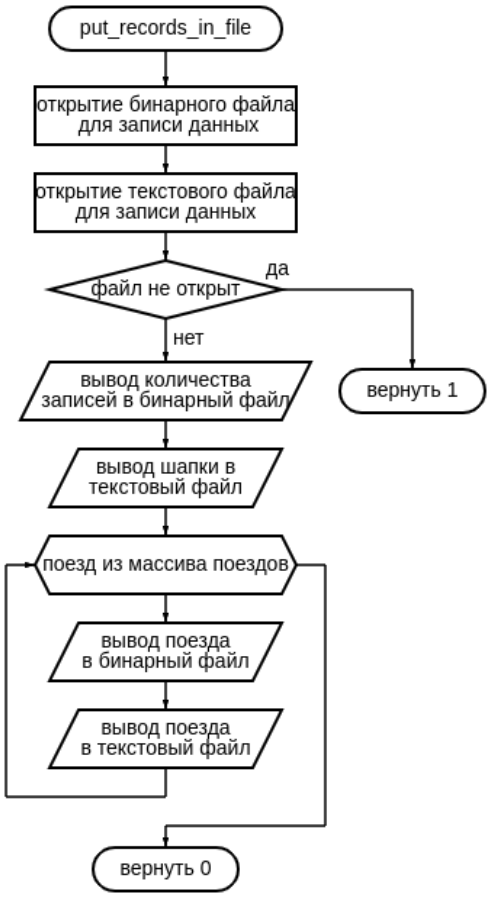


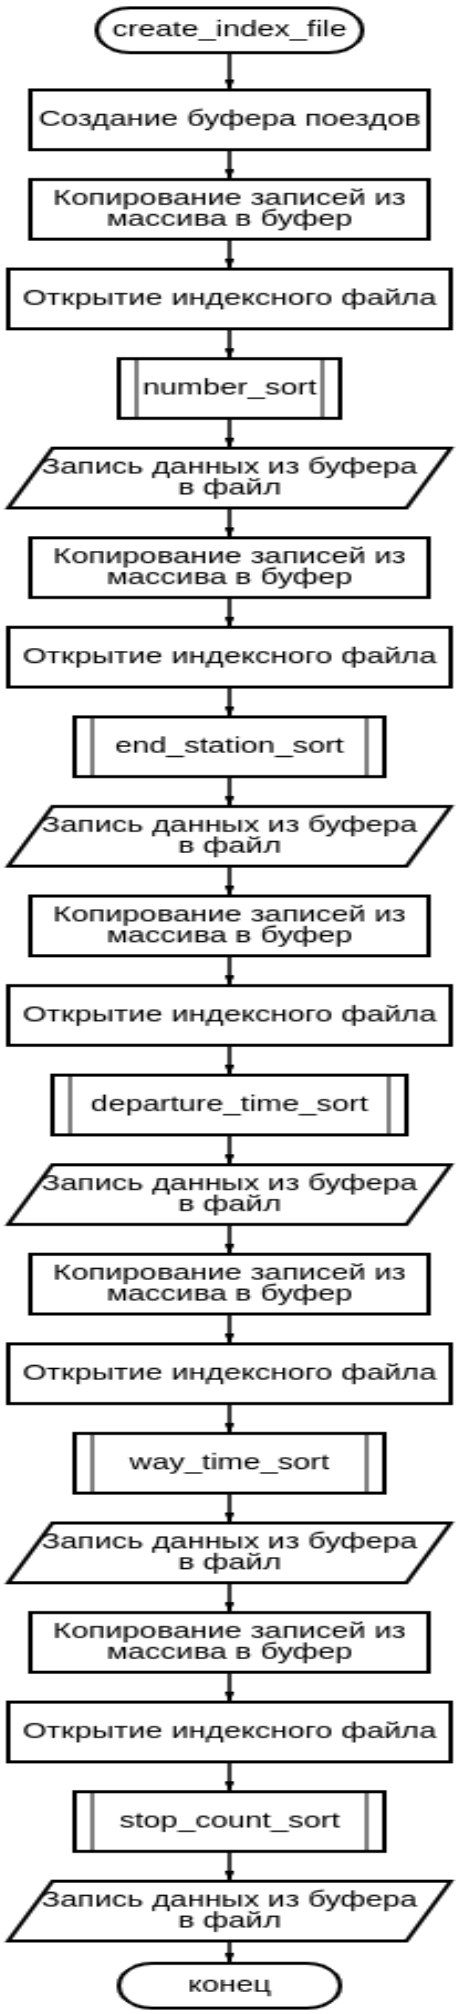
file.cpp

Функция get_records_from_file



Функция put_records_in_file





Функция create_index_file
